MEMORANDUM FOR THE RECORD

SUBJECT: Block Planning

Computer Space

STAT

STAT

2) NBPO reviewed with the above, the location of their computer space in the New Building.

3) A walk through of their computer room, tape registry, maintenance room, and office space was given.

4)  made two requests for their computer room:

STAT

a) the computer tile must have carpet

b) the computer room must be acoustically treated due to noisy equipment.

5) Specific engineering questions came up concerning what electrical and mechanical systems would be supplied to the computer room? These questions will be addressed at another meeting with NBPO.

6) Questions came up concerning whose funds would be used for specific needs in the New Building. These questions will also be addressed at another meeting with NBPO.
